

ONCE UPON A TIME AT BHS

FLEE MARKET IN SANT JORDI

SHOPPING? For sure, you are on holiday! The price range is enormous, but all named here are worth a visit: **Las Dalías** just before San Carlos is home to the one and only **Hippie market**, here everybody finds something really original. For leather you should go to **Darío Bomé** in San Miguel, see **Manfred Postel's** shop in Sta. Ines, visit **Te Cuero** in Sta. Gertrudis or combine beach and shopping at Salinas parking place with **Hecho A Mano**, best leather garments ever. For souvenirs and fashion go to **Histeric-compliments** on Vara de Rey. You can find all sport brands cheap in **La Sirena**, there are lots on the island. You have to visit the old town of Ibiza, this is the real deal, you just have to look around! **Hippychick** is another secret tip; you can find it in three places: c/Ses Figueras in Talamanca and Playa Cala Vadella. In **Fashion Pirate** on the Vara de Rey you can get quality fashion for a reasonable price. A complete different experience is **Vicente Ganesh** in the Marina, vintage second hand designer clothings and incredible accessoires are just a few things to explore. The shop from **Carhartt** opposite the taxi stand in Ibiza town is another hot spot for the urban inspired, as is the **Religion** shop opposite of Vara de Rey towards the port - for the true stylish. Not a fashion shop but a kind of all-in-one is the **Cocoq** Store on the road to Sta. Eulalia after the Go Kart, a real shopping orgasm. If you look for second hand of all kind visit the **Troc** on the road to the vehicle inspection.

HUNGER... a basic need, and here in Ibiza you should pay special attention to it, because the nights are very exhausting. There are so many incredibly good restaurants we can not mention because of the lack of space, but here are some of the best ones: Power food is available in various places such as **Es Tap Nou** in the center of Ibiza, fresh veggies and fruits become your juice or salad of the day. A great new spot is the **Eat is Life** at the roundabout of Can Misses - you can choose from a most healthy buffet and get fantastic food for a great price! Another hot spot is the **Local's Only** on the Placa del Parque, creative Mediterranean food for a reasonable price. **Oli All** in Puig d'en Valls is a real tip, great food and drinks for a reasonable price - try the Kobe burger! Cheap, good, fresh and fast? **Comida San Juan** near the Teatro Pereira is the one for you. A local tip is the **Es Fornas** next to the sport centre between Ibiza and Puig d'en Valls, Theo prepares best homemade food for a great price. Same for **Es Cami Vell** - one of THE lunch special places - fast, tasty, cheap. The **Bar1805** near the Dome is famous for their mussels plus you have to try the Absinthe cocktail - Ye Ha! Fresh fish? **Hotel La Marina** in the port of Ibiza. High quality french and international food? **Pastis** on the backside of the Plaça del Parque - a must. Want some real Indian food? Try the **Ancient People** on the Avenida España, best food for best price, and the Dahl is a must! Thai fusion food is available at **Bambuddha Grove** on the road to San Juan or try **Casa Thai 2** on Avda. Isidoro Macabich/San Antonio - my personal fave, as well as **Chang Mai** in Sta. Eulalia close to the main place. Meat? **Es Canto** in Sta. Gertrudis for the best beefsteak and **Can Caus** for the slices of beef solomillo on your own barbecue. Best Jamon Serrano-Bocadillo? Bar Costa in Sta. Gertrudis. Perfect food by the seaside? **Café Sidney** in the port of Sta. Eulalia is the right choice, as is **Sa Punta** in Talamanca.

La Luna Nell' Orto in San Miguel is one of the most authentic restaurants of all times. In Sta. Eulalia we recommend **SomiArt by Foc y Fum** on the esplanade, not just perfect food but performances in a special surrounding - a must.
